2.1 cu. ft. Waterproof Fire Resistant Digital Safe

The 2.1 cu. ft. Waterproof Fire Resistant Digital Safe is UL classified for 1 hour to withstand an external temperature of 1700° F while maintaining an internal temperature of less than 350° F. The safe has been tested by an independent testing lab and verified to protect electronic media including memory sticks, CD's, DVD's and external hard drives. In addition, the safe will protect documents, electronics, and other valuables. The safe's concealed hinges are designed to resist prying and is waterproof even when fully submerged.
