### Accessing your User Guide

Your User Guide contains detailed information about your computer.

To access your User Guide, do the following:

1. From the Windows desktop, click Start – Help and Support. The Help and Support application opens.
2. Click Lenovo User Guide.
3. Click the link for your model and the operating system.

### Initial setup instructions

![Initial setup instructions](image3)

1. Install the battery pack.
2. Connect to power.
3. Press the power button to turn on the computer.
4. Configure the operating system following the on-screen instructions to complete the initial setup. This process takes several minutes.

Additional information about using your ThinkPad computer is in the User Guide. See “Accessing your User Guide” later in this document.

### Service and Support information

The following information describes the technical support that is available for your product, during the warranty period or throughout the life of your product. Refer to the Lenovo Limited Warranty for a full explanation of Lenovo warranty terms. See “Lenovo Limited Warranty notice” later in this document for details on accessing the full warranty.

#### Online technical support

Online technical support is available during the lifetime of a product at http://www.lenovo.com/support.

#### Telephone technical support

You can get help and information from the Customer Support Center by telephone. Before contacting Lenovo technical support representatives, please have the following information available: model and serial number; the text or version of any error message; a description of the problem; and your attempt at troubleshooting.

#### Worldwide Lenovo Support telephone list

Important: Telephone numbers are subject to change without notice. The most up-to-date telephone list for the Customer Support Center is always available at http://www.lenovo.com/supporthotline.
Lenovo Limited Warranty notice

Headphones that do not comply with EN 50332-1 can be dangerous. If different headphones or earphones are used, ensure that they comply with EN 50332-1. This specification limits the computer's earphone and headphone output voltage and the sound pressure level. Therefore, to protect your hearing, adjust the equalizer to an appropriate level.

Suplemento de Garantía para México

Este Suplemento se considera parte íntegra de la Garantía Limitada de Lenovo y se aplica a los productos distribuidos o comercializados dentro del Territorio de las Entidades Federativas Mexicanas. En caso de conflictos, se aplicarán los términos de este Suplemento. Los programas de software de Lenovo incluidos en el equipo tendrán la garantía de treinta (30) días por defectos de instalación desde la fecha de compra. Lenovo no es responsable de la compatibilidad de los programas de software con los productos, ni del soporte técnico de programas de software no instalados inicialmente por Lenovo. Lenovo no garantiza que los programas de software adicionales instalados por usted estén diseñados para que se complementen adecuadamente con los productos.

Types of Warranty Service
1. Customer Replaceable Unit ("CRU") Service
2. On-Demand Service
3. Carrier-in Service
4. Mail-in Service
5. Customer Pick-up Service
6. Customer Replacement Unit Service
7. Product Exchange Service

For a full explanation of the types of warranty service, refer to the full warranty. (Lenovo Limited Warranty notice) for details on the full warranty.
