THE WIRELESS WAY TO STAY AWARE

- Record video and audio
- Remote viewing
- Motion-triggered recording
- Indoor & outdoor monitoring
- 2-way talk
- Easy setup

RECORD VIDEO & AUDIO.
Record video clips to the included SD card using three recording modes: manual, motion, or schedule.

CONNECT REMOTELY.
Connect the monitor to a computer to view from anywhere in the world using Skype™*

SEE, HEAR, TALK.
An extra pair of eyes and ears to help you manage your busy life.

SIMPLE & QUICK SETUP.
An easy to setup, easy to use all-in-one video and audio security solution to monitor your home or small business.

PRIVATE AND SECURE.
Monitor with confidence knowing the digital signal is secure, private, and can't be picked up by neighbors.

**LCD Receiver Features:**

- Simple installation. No video cables required
- 7” Digital wireless LCD monitor integrated digital video recorder, SD™ memory card included
- Multiple recording options: manual, motion or schedule
- Time and date stamped recordings for easy retrieval
- Simulated picture frame using preprogrammed images
- 2-Way Audio communication for Intercom usage
- View up to 4 cameras at the same time or in sequence
- Tabletop, wall or under-counter mountable monitor
- Audio/Video RCA output for connection to a TV
- USB output for connection to a PC for remote viewing

**Camera Features:**

- Built-in PIR motion sensor for accurate motion detection
- Exclusive built-in infrared camera lens filter for accurate color reproduction under all lighting conditions
- Night viewing up to 40ft (12m)
- Install cameras indoors or outdoors
- Up to 150ft indoor / 450ft outdoor wireless range
- SMA connector allows for the usage of higher power antennas to extend wireless range (antennas sold separately)

**How It Works:**

1. Cameras require a local power outlet.
2. Local viewing up to 4 cameras simultaneously. Local recording and playback of one camera at a time.
3. Five preloaded scenery images enable digital picture frame simulation when no motion is detected by the camera. When motion is detected, image changes to the camera detecting motion. No ability to upload your own pictures.
4. Stated IR Illumination range is based on ideal conditions. Actual range and image clarity depends on installation location, viewing area and light reflection/absorption level of object.
5. Weather resistant. Not intended for direct exposure to rain or snow. For outdoor applications install under shelter protected from the elements.
6. Based on line of sight. Actual range will vary depending on obstructions.

* Remote connection requires driver installation on home PC/Mac (CD included), a wired USB connection between the monitor and PC/Mac (USB cable included) and a high speed internet connection. PC/Mac must be turned ON and Skype™ application must be running. Remote viewing is limited to a single camera and is not selectable remotely.
WIRELESS VIDEO MONITORING SYSTEM

MODEL CONFIGURATION PACKAGE W x D x H WEIGHT CUBE UPC Code

LW271 7” LCD monitor, 1 camera, 2GB SD card Retail 298 x 87 x 235mm / 11.7 x 3.5 x 9.3” 1.35 kg/3 lbs 0.0061 CBM x 0.215 CBF 7-78597-02712-9

MEASUREMENTS

CONNECTIVITY & COMPATIBILITY

Phone™, iPad™, iPod touch™ Requirements:
• Skype for iPhone 3.0 and above
• Skype for iPad 3.5 and above
• iPhone 4S/4/3GS, iPad (1st generation and above), iPod touch (3rd generation and above)
• iOS 4.0 and above

PC Requirements:
• Skype for Windows™ version 4.2 and above
• Windows 7/Vista/XP SP2
• 1 Ghz processor or better

Mac Requirements:
• Skype for Mac OS v. 5.3 and above
• Mac OS v. 10.5.8 and above
• 1 GHz or higher Intel processor
• PowerPC™ not supported
