**User's Manual**

**Model:** NSICC2

**Nightvision Color Video Camera**

**Specifications**

- **Sensor:** 1/4" Color
- **Resolution:** 420 TVL
- **Minimum Illumination:** < 0.01 Lux
- **Lens:** 960TV
- **Power Supply:** AC 110V
- **Power Consumption:** 260mA
- **Dimensions:** 44(W) x 44(H) x 78(D) mm
- **Weight:** 28g

**Operating Temperature:** 0°C to 40°C

**Output Signal:** 1.0Vp-p/75Ω

**Gain:** 52 dB

**LED Power:** 5W, 10W

**Effective Range:** 15M

**Iris:** 1/4 to 1/16

**Infrared Characteristics:** 880nm

**AFC Response:** 500 μs

**External Power Jack:** 2.5V DC, 150mA

**Coax Cable Length:** 40m

**Properties**

The housing is constructed of high grade aluminum alloy, and the surface is a high-shear, high-gloss finish. It is lightweight and durable. The unit is waterproof and can work in extremely harsh conditions. High-speed data transmission allows for fast and efficient data transfer. The unit is equipped with a night vision filter to help the camera operate in low-light or no-light conditions.

**Caution:**

- Do not open the cover of the camera. It will affect its performance.
- Do not store the camera at high or low temperatures. This will affect the camera's performance.

**Product Features**

- **NSICC2** is a high-quality camera for CCTV systems. It features the latest technology and delivers clear and accurate color images. They are suitable for indoor, outdoor, and day or night use.
- They are small, light, easy to install and easy to use.

**Connectors and Controls**

1. Simulate camera control with one control system.

2. Do not use in an area prone to water.
